

# Accessing E-MED on your iPad

## How to configure Citrix Receiver on an iPad

Download and install the Citrix Receiver application from the iTunes App Store.

Tap on the Citrix Icon to launch the Citrix Application.

Once launched, you will be presented with the Citrix Welcome screen.

Tap on "Add Workspace"

Fill in the following information to configure an SVRMC Secure Gateway Workspace:

Description: SECURE GATEWAY

Address: https://access.stvin.org

Username: (your username is typically your lastname and first initial that is used to log on to hospital workstations or to access.stvin.org)

Password: Optional (you will be prompted to enter in your password)

Domain: svrnc

Enter in your Password

Tap on the "Dismiss" button. Our servers are set up so that you cannot save your password on the server.

Tap on "Applications" from the toolbar. This will give you a drop down list of all the Citrix application you have published

After you open up the EMED Prod application, Select the appropriate application needed. Then use your E-MED (Cerner) username and password to access.

To add application shortcuts to your workspace tap on the + next to dazzle. This will add a + next to your applications. Just tap the + on the application you want to add to your workspace.

Here is an example of shortcuts that have been added to my SVRMC workspace. To launch an application just tap on the desired application shortcut.

To delete a shortcut from your Workspace tap and hold an icon. This will allow you the ability to delete an icon by clicking on the x in the upper left corner of the icon.

Here's a brief list of the Citrix iPad Receiver gestures:

Gesture	Action
Tap	Click
Double Tap	Double-Click
Two Finger Tap	Right-Click
Three Finger Tap	Show Keyboard
Drag	Drag
Pinch	Zoom

If you have any questions please contact the CSVRCM IS Help Desk @ (505) 913-5246.
